POLITEHNICA Bucharest

Bucharest, August 28th, 2025

Letter of Support

To: CESAER General Assembly

Dear colleagues,

On behalf of the National University of Science and Technology POLITEHNICA Bucharest, it is my great honor to express our full support for the candidacy of Professor Justyna Lubońska, Rector's Representative for International Educational Programs at Gdańsk University of Technology, for the CESAER Board of Directors.

Professor Justyna Lubońska has demonstrated strong leadership and unwavering commitment to the European higher education and research community, spanning institutional, national, and international levels. Within CESAER, she has served as Director (2023–2025) and Co-Chair of the Task Force on Learning & Teaching (since 2022), where she has contributed to advancing joint programs, the European Degree initiative, and the transformation of engineering education.

Her active role in the ENHANCE Alliance as a Steering Committee member further illustrates her capacity to foster collaboration, talent development, and innovation across European universities. Moreover, her responsibilities as Rector's Representative for International Educational Programs and Chair of the Rector's Internationalization Committee at Gdańsk Tech reflect her strategic vision and proven ability to deliver large-scale international initiatives.

Beyond institutional impact, Professor Justyna Lubońska contributes to policymaking at the highest level, as a member of the Polish Government Population Council and former expert within the Ministry of Science and Higher Education

We are confident that her reappointment to the Board will further strengthen CESAER's capacity to represent and support Europe's leading universities of science and technology in shaping the future of higher education, research, and innovation.

Yours sincerely,

Mihnea Costoiu
Rector
